Alabama State Board of Social Work Examiners 334/242-5860 or 1-888-879-3672

View from the Chair by: Diana McCampbell, LCSW

As I enter my third year of service to the Board of Social Work, I feel I am now more knowledgeable about Board policy and procedures and I am ready to assume the responsibilities of Board Chair. I appreciate my fellow board members show of confidence in me by electing me to the position.

As my first "official" duty, I want to welcome two new members to the Board. Jerry Satterwhite and Janet Rawls. Many of you may remember Jerry served on the Board before and did an outstanding job. Ms. Rawls joins us as representative of the 2nd district.

During my term as chair, I hope to see the Board continue its efforts to change the law and administrative Code to better serve and protect the public. The Board had proposed several Code changes during the previous year including the following (changes are in bold print and underlined): first issue involves "Internet Practice" of social work.

Section 34-30-1

Definitions.

(3) Social work practice.

The professional application of social work values, principles and techniques to one or more of the following ends: helping people obtain tangible services, counseling with individuals, families and groups, helping communities or groups provide or improve social and health services, engaging in research related to those ends and principles, and administering organizations and agencies engaging in such practice. The practice of Social Work requires knowledge of human development and behavior, of social, economic and cultural institutions and of the interaction of all these factors.

The provision of social work services to an individual in this State, through telephonic, electronic, or other means, regardless of the location of the social worker, shall constitute the practice of social work and shall be subject to regulation.

Section 34-30-3

Private independent practice of Social Work.

After May 24, 1978, no person may engage in the

private independent practice of Social Work unless he is:

(a)

(3) Has had two years' full-time or three years' part-time ~~postgraduate~~ LCSW Licensure experience under appropriate supervision in the specified Social Work Method; and ~~or four years' full time or five years' part-time postgraduate experience under appropriate supervision in the specialty in which the applicant will practice.~~

(5) Has been issued by mail a certified letter of certification stating notified of certification his qualification for private independent practice by the board; and

(b) The provision of social work service to an individual in this state, through telephonic, electronic or other means regardless of the location of the social worker, shall constitute the practice of social work and shall be subject to regulation. The social worker must have the Private Independent Practice certification prior to practicing in Alabama if the practice of social work is not within an agency setting.

"we are actively seeking legislators to support our bills"

Section 34-30-4

Disciplinary proceedings — Grounds for suspension, revocation, denial of application or nonrenewal of license; administrative fines.

- (a) The State Board of Social Work Examiners, after a hearing, may refuse to renew, may suspend or may revoke any license issued under this chapter. **The Board may deny an application** upon proof that the person has engaged in unprofessional conduct within the last five years, including...

Section 34-30-5

Disciplinary proceedings — Procedure.

The following procedure will apply to revocation and suspension hearings and to judicial review of these hearings:

- (1) Hearings are to be conducted by a five-person panel of the Board of Social Work Examiners with recommended decisions to be by majority vote of the panel. **The Board has discretion to use a hearing officer.**

Section 34-30-22

Qualifications of applicants.

c. Certified Social Worker:

2. Holds a valid Graduate Social Work License.

The above changes are being proposed to cover gaps that were discovered as the Board performed its duties. Providing services to clients by telephone is growing in use and this area is not covered in current policies. Requiring one to have a valid license at the LCSW level while gaining the necessary skills and training to qualify as a PIP insures that those who are granted this designation has acquired their skills over a period time that would support their practicing social work independently. Currently, regardless of the violation, the Board cannot deny an application to an individual seeking to obtain a social work license; recent occurrences has convinced the Board

that this additional protection is needed. Finally, allowing for the use of a hearing officer gives the Board this option if necessary. With the new legislative session scheduled to begin in February 2005, we are actively seeking legislators to support our bills and guide them through the upcoming session.

I am looking forward to the upcoming year. I anticipate there will be challenges as well as excitement during this term and I am ready to meet them head on!

Social Workers... Do You Need Insurance?

The Alabama Chapter of NASW has been asked to research the idea of offering a group health insurance plan for social workers. A member of our state board of directors reported that it was her belief that social workers, especially those in private practice, would like the opportunity to purchase

health insurance.

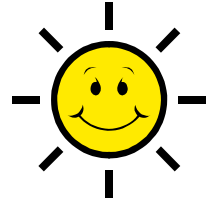

If you are a social worker who is interested in participating in a group health insurance plan, please contact the chapter office. Initially we plan to determine if there is a need for this type of insurance, and if a need is identified we will research

the options and proceed from there.

Stay tuned for more information on this in future newsletters from NASW.

ASWB Celebrated 25 Years of Service

"16 past presidents with the current president of the Association attended the meeting."

ASWB celebrated its 25th year this past November with a grand celebration. In attendance were past presidents and others that served as leaders over the years for the association. The event was held in conjunction with the Annual Fall Business Meeting in Chantilly, Virginia. Alabama had two representatives present at the gala event, Marsha Hobbs from District 1 and Brenda Holden from the Board

Office.

ASWB offers two meetings for member boards annually. One is the business meeting where the member boards vote on rules and regulations for the association, and elect presidents and officers to lead the association. The other is the Spring Educational meeting where ASWB lines up top trainers for various topics and offers continuing education to participants.

Up Coming Event

Alabama Conference of Social Work: **Together We Make A Difference** Taking place on March 30- April 1, 2005 at the Riverview Plaza Hotel in Mobile, AL. Be sure to make your reservations early, cut off for hotel is February 28, 2005. Call ACSW at 334/281-4900 if you have any questions on Tuesday or Thursday or email: alcsww@earthlink.net

Reminder: Continuing Education (CE) Hours Must Be Earned During Your Renewal Months

As of January 1, 2005 all licensees are required to earn their CE hours during the 24 months of their renewal period. Although there is a 60-day grace period, this grace period is to submit the renewal forms to the Board; **it is**

not to be used to obtain CE hours. The hours must be earned during the period beginning the month following your renewal date, and ending on the next renewal date (24 months later). Many people were using the extra time to catch up with

the required hours, but this was not the intended use of the grace period. Compliance with this policy is now being enforced. Renewal notices mailed since August 2004 have contained information on this change of policy.
